PROFILE

Python Full Stack Developer with hands-on experience in building web applications using Django, Flask, Angular, and Python. Skilled in both frontend and backend development, database integration, and API development. Quick learner with a strong foundation in computer science.

TECHNICAL SKILLS

Languages & Scripting

Python, JavaScript, HTML5, CSS3

Databases

MySQL, MySQL-python connection, MongoDB

Frameworks & Libraries

Django, Flask, Angular, Bootstrap, jQuery,

Tools & Platforms

Git, GitHub, REST APIs, Web Scraping

SOFT SKILLS

- Teamwork
- Fast Learner
- Adaptability
- Ability to work under pressure
- Leadership
- Problemsolving

PROFESSIONAL EXPERIENCE

Quest Innovative Solutions Pvt Ltd

Python Full Stack Developer Intern

Present |
Kochi, Kerala

- Developed a Phonebook application using Object-Oriented Programming (OOP) principles in **Python** to store, search, and manage contact details.
- Designed and developed a fully functional calculator application using **Tkinter** and **Python** to perform basic arithmetic operations (addition, subtraction, multiplication, division).
- Developed and managed a relational database using **SQL** to store, retrieve, and manage data efficiently.
- Designed and developed a Facebook login page using **HTML** and **CSS**, replicating the user interface.
- Developed Student Management System Used **Django**, **MySQL**, **HTML**, **CSS** ; features include student-teacher modules with registration, login, edit, delete, and view.

PROJECTS

Quest Innovative Solutions Pvt Ltd - Python Full Stack Developer Intern Calorie-Tracker

Kochi, Kerala

- Developed a **web-based Calories Management System** to help users track daily food intake, monitor calorie consumption, and maintain healthy eating habits.
- Enabled users to **log meals, calculate total daily calories automatically**, and view consumption history with date-wise summaries.
- Implemented **reports and dashboards** to analyze calorie intake on a daily and weekly basis, improving diet awareness and consistency.

- Designed modular features including **User Authentication, Food Management, Calorie Tracking, and Admin Management** with role-based access.
- Built the application using **Python, Django (MVT architecture), HTML, CSS, JavaScript**, and **SQLite/PostgreSQL**, leveraging **Django ORM** for database operations.

EDUCATION

Bachelor of Computer Applications

University of Calicut

Sadanam Kumaran College Mankara

2021 – 2024

Palakkad, Kerala

Higher Secondary Education in Computer Science

GHSS Udma

2019 – 2021

Kasargod, Kerala

Secondary Education

Ambika English Medium School

2019

Kasargod, Kerala

ACADEMIC PROJECTS

Air bag detection

- This project aims to improve passenger safety by developing an AI camera-based system for airbag detection and automatic email alerts to emergency services.
- The proposed System uses an AI camera to monitor the vehicle's cabin and detect airbag deployment.
- The AI camera is trained using machine learning algorithms to recognize specific motion patterns associated with airbag deployment.

INTERNSHIPS

ACURA SOFTWARE SOLUTIONS

Task performed : Python technology

Palakkad, Kerala

HOBBIES AND INTERESTS

- Fitness and health
- Playing outdoor games

LANGUAGES

- English (*Speak, Read, Write*)
- Malayalam (*Speak, Read, Write*)
- Hindi (*Speak*)

PERSONAL DETAILS

- DOB : 28/02/2003
- Nationality: India
- Gender : Male
- Address : Midhunam House, Housing colony, sasthanagar malampuzha Palakkad District, Kerala
